

SNEAK PEEK AT NEW PSAT®!

THIS FALL'S PSAT WILL BE THE NEW PSAT FOR STUDENTS IN GRADES 9 TO 11. DR. PACE IS OFFERING A 2-DAY PROGRAM IN JUNE TO INTRODUCE STUDENTS TO THE NEW PSAT (AND SAT!), WITH A SOLID PLAN OF ACTION FOR ONGOING PRACTICE.

A MESSAGE FROM DR. PACE:

The good news about the NEW PSAT/SAT problem types is that everything I have taught my students in English and Math to help prepare them for standardized tests (college and high school entrance) will help them exponentially on the NEW PSAT/SAT! Also excellent, my current flash cards—including my vocabulary cards—will prove very helpful for the NEW PSAT/SAT. Moreover, the question format in the New Reading/Writing harkens back to previous question formats on older versions of the PSAT/SAT, formats with which I have many years of experience using strategies already tested and proven effective.

I am looking forward to sharing what I have learned about the NEW PSAT/SAT with my students!

NEW AN INTRODUCTION TO THE NEW PSAT/SAT:

IN-DEPTH COVERAGE OF THE QUESTION FORMATS AND PROBLEM TYPES IN
READING/WRITING and MATH in both MODULE 1 and MODULE 2

*Appropriate for students entering Grades 9 to 11
who want to get a jump-start on the NEW PSAT/SAT*

DATES: JUNE 28 and 29 (Wednesday & Thursday)

TIMES: 10:00 a.m. to 1:00 p.m. both days

LOCATION: COMFORT OF YOUR OWN HOME, ONLINE COURSE

COST: \$150 fee

Over the years I have been fortunate enough to work with, and come to know, families of siblings, along with one or both of their parents, a blessing that has enriched my life and for which I am eternally grateful. The superior students spotlighted in this issue belong to two such families. Adam, Giulia, and Tyler Nevrotski and Bobby McKay (whose marvelous sister Samantha was spotlighted in a previous issue)--and their moms--exemplify why I can say, *Thank you, God, for allowing me to experience the hope these families bring to our world and to have such rewarding work!*

BOBBY MCKAY: A Young Man of Worth

Dear Dr. Pace,

Thank you for sharing your test taking knowledge and expertise with me. I have no doubt that I was able to do better on both the TerraNova and HSPT tests after taking your programs. Thank you for believing in your students and always providing positive energy and reinforcement. I am happy and blessed to be receiving a Saint Francis de Sales academic scholarship to Father Judge High School.

Go Crusaders!

THE QUICK-THINKING, STEADY, AND VERY ABLE NEVROTSKI SIBLINGS

Adam: Graduate of Bensalem High School

Giulia: Graduate of Archbishop Wood

Tyler: Graduate of Shafer Middle School

Dr. Pace prepared Adam, Giulia, and Tyler all for their standardized testing. Adam, who is the oldest of the three siblings, attended Dr. Pace's program in 2020 taking her SAT prep class. Adam had a 110-point increase on his SAT score using the techniques that Dr. Pace helped instill. Adam now attends Drexel University majoring in Biomedical Engineering with an annual scholarship award. He is a sophomore at the school and is currently working at an engineering company on his first internship.

Giulia is now a rising college freshman who will also be attending Drexel University majoring in biological sciences with an annual scholarship award. Giulia attended Dr. Pace's SAT zoom prep class last August. The zoom class offered the best fit for her busy schedule and it was not of any less value than attending

in person. The SAT prep class eased Giulia's nerves for the test and gave her a structured system in order for her to prepare individually for the test. Giulia had a 120-point increase on her SAT score.

Tyler is the youngest of the three and took Dr. Pace's HSPT prep class, which is for the High School entrance exams. It seemed only natural for Tyler to attend Dr. Pace's preparatory classes considering what Dr. Pace did for Giulia and Adam. The HSPT prep class instilled study habits that allowed Tyler to be best prepared for his entrance exam. Tyler will be attending the Princeton Day School next year for the start of 9th grade with an annual scholarship award. The best part of the experience that Adam, Giulia, and Tyler took part in was the study habits that they walked away with. Dr. Pace teaches her prep classes using a very effective study habit that allows students to study for their respective test effectively. The prep class also just eased everyone's nerves for their test since they can walk into the test knowing what to expect. Dr. Pace teaches a great course and Tyler will definitely be attending her class again in the future to prepare for his SAT. Thank you for your guidance and amazing teaching skills.

Teresa & Tom Nevrotski
