OWEN CIHAK

Owen participated in Doctor Pace's HSPT in September. After taking the practice test in the spring he realized he needed to improve his language score. Doctor Pace gave him the skills he needed to complete the test in the time allotted and how to find the sentences with an error. With the help of Doctor Pace and his hard work he was named a Neumann Scholar, attaining the highest score in Philadelphia. He also received the Principal Scholarship at Archbishop Wood and the President's Scholarship at LaSalle and Archbishop Ryan. He looks forward to attending Archbishop Wood next fall.

JOSHUA KENT

I just wanted to thank you so much for your HSPT prep course. The course really helped prepare Joshua Kent for the HSPT, especially in the areas he needed to work on. He truly benefited from this course. We just wanted to thank you so much, and we also wanted to let you know he scored extremely high on Father Judge's HSPT test, that they have offered Joshua a full scholarship for all 4 years. And Father Judge was Joshua's top school choice. So thank you again.

ISABELLA FIFE

I would like to thank you, Dr. Pace, for allowing me to partake in your class. Your personality and expertise made learning fun whilst still managing to prepare me beyond my expectations! With your help, I have acquired three Presidential Scholarships, a Principal's Scholarship, and the Saint John Neumann Scholarship. I can hardly fathom it! A simple "Thank you" will never come close to encapsulating my gratitude towards you, but it must do. Thank you for everything!

JACK GATTA

Thank you so very much for preparing Jack for the HSPT as he entered his 8th grade year at Nativity of Our Lord School. We wanted to let you know that Jack was named a 2022 Neumann Scholar, and also received the Presidential Scholarship from La Salle. We are very proud of his achievements! A TEAM OF DRAGON SLAYERS

The Okafor family works together as a team. In addition to taking academic programs, part or all of the family attended my Art Retreat, Imaginative Prayer Session for Families, SAT Retreat, and Slaying the Dragons of Standardized Tests. As a result, the Okafors have learned as a family how to recognize and tame internal and external forces that might try to thwart their considerable talents. The Okafor family inspires me!

OSINACHI OKAFOR

I'd like to thank you for all the teaching you have given me over the past 3 years. Your lessons are the reason I have these 2 scholarships today! Bishop Shanahan and Devon Prep scholarship. Your HSPT lessons majorly helped me to improve my scores and really helped me in the subjects that were my weakest. Your teaching not only helped me in the HSPT, but it also increased my test and exams scores in school. Thanking you for everything!

CHIJOKE OKAFOR

I want to thank Doctor Pace for all the help you gave during your programs. Due to this help, I was awarded an academic scholarship (Gunard Berry Carlson Scholarship). Your classes that I took really helped my scores to increase. I am excited for your next class and look forward to learning from you.

THE OKAFOR FAMILY

Slaying the Dragons is one of Dr. Pace's programs that is open for all members of the family, including parents. This is a great educational session, and we feel blessed and fortunate to have participated in it. In this program, we were able to

conceptualize the various techniques required to perform at your personal best on any test. Since attending this program we strive to make the necessary adjustments during the school year and particularly before any exam. This program and all the other educational sessions offered by Dr. Pace have been of great benefit to our family. We appreciate your great work, Dr. Pace!

ALEXANDRA HODGE

Thank you, Dr. Pace, your SAT Prep Course was the edge that I needed to focus on doing my best and not letting standardized testing intimidate me! As a soon to be graduate of Pope John Paul II High School, I've had the experience of taking tests but knowing how to prepare myself and actually practicing in a manageable way made a big difference in my confidence. I was accepted at Pace University and West Chester University and awarded the Trustee Recognition Award at Pace which is a \$26,000 scholarship for 4 years.

My grandmother who has been an elementary school principal for over 25 years loved joining our sessions because of the emphasis on the whole person. As an educator, she understands the role our

spirituality plays when we're faced with academic tasks that go beyond memorization. It was a shared time of reflection we'll remember fondly.
